INTERNATIONAL EXPERIENCES:

As an international trainer of non-formal education in area of youth work, I had an opportunity to educate and qualify myself with concrete practical work with young people in Sweden and Northern Ireland.

In Sweden and Northern Ireland I have spent eight months in total working as a trainer with young people from the whole world. I have had great opportunity to practice my trainer skills and to learn new methods that I have used working with young people.

Summer 2003 (June – September) I have spent in Bankeryd, Sweden working as a youth trainer in Youth Sport camp Vidablick (www.vidablick.com). I was the main person responsible for planning and carrying out their youth program and trainer for their educative workshops and outdoor sport activities.

I have spent three months (August 30th until November 25th 2007) in Northern Ireland, Corrymeela community - near to Belfast, (www.corrymeela.org) working as a trainer with groups of young people from the whole world. I was promoting voluntary work, youth work advocacy, peace education, tolerance, conflict resolution and reconciliation, team building indoor and outdoor activities.

Thanks to my occupation and willingness to work with youth, to devotedness and activities in youth work, thanks to created and approved projects from Youth in Action Programme, as a trainer/educator I was active in many trainings and seminars. I have worked with young people from the whole Europe and the world.

I have traveled a lot and I have improved my skills, knowledge and experiences as a trainer working in different countries: Serbia, England, Austria, Romania, Sweden, Czech Republic, Hungary, Bulgaria, Mazedonia, Bosnia \$ Herzegovina, Croatia, Montenegro, Poland, Netherlands, Northern Ireland, Spain...

As a hobby I like to do few things. I like to read books about psychology and also to spend some time in front of TV watching cartoons. I like to observe the animals and to imitate them. I really like to work with people, especially with youngsters. Theatre is my second love, because I can express myself in an unusual way using body language.

PERSONAL MOTTO:

“The door of opportunity will not open unless you do some pushing!”
